

RingCube Technologies Selected by AlwaysOn as an AO100 Top Private Company 2007 Award Winner

RingCube and Its MojoPac O/S Virtualization Technology Recognized for Leadership in Emerging Technology and Global Business Potential

Santa Clara, Calif., July 17, 2007 – RingCube Technologies, the leading developer of the secure, managed workspace, today announced that AlwaysOn had selected the company as an AlwaysOn 100 top private company for 2007. Each year an editorial panel of AlwaysOn compiles an elite AO100 list, which recognizes businesses for leadership in emerging technology and global business potential. RingCube was selected from more than 1,000 nominations that AlwaysOn received from venture capitalists, investment bankers and other industry experts.

RingCube Technologies and the AO100 Top Private Companies for 2007 will be honored at the AlwaysOn Stanford Summit to be held July 31 – August 2 at Stanford University. The Stanford Summit is a two-and-a-half-day executive gathering that highlights the significant economic, political and commercial trends affecting global technology industries. The idea behind the AO100 top private companies list is to identify the most promising entrepreneurial opportunities and investments in the global technology industry.

MojoPac's award-winning solution is the first product to virtualize the complete computer desktop environment. By turning on MojoPac, users can transform any Windows PC into a secure, managed workspace with access to their own applications, files, shortcuts and settings. Later this month, RingCube also plans to unveil an enterprise version of its MojoPac technology that allows enterprise professionals to securely access their PC workspace from any Windows computer in the world.

A full list of all the AlwaysOn Top 100 Private Companies can be found on the AlwaysOn Web site at: <http://alwayson.goingon.com/permalink/post/15899>

“This award validates RingCube's leadership in the secure digital workspace sector,” said RingCube CEO Shan Appajodu. “We are redefining how consumers and business professionals access their PCs in an increasingly mobile world. MojoPac provides a solution to the challenge of fusing the technology that we need with the mobility that today's world demands.”

About The AlwaysOn Stanford Summit: The Stanford Summit is a two-and-a-half-day executive gathering that highlights the significant economic, political and commercial trends affecting the global technology industries. The Stanford Summit features the most innovative companies, eminent technologists, influential investors and journalists in keynote presentations, panel debates and private company CEO showcases. The Stanford Summit's goal is to identify the most promising entrepreneurial opportunities and investments in the global tech industry.

About RingCube Technologies, Inc.

Founded in 2004, RingCube is the leading provider of the secure, managed digital workspace. The company's award-winning software platform, MojoPac, enables consumers and enterprise users to securely access their complete personal computing experience from any Windows PC around the world. The company is venture-backed by New Enterprise Associates (NEA) and Mohr Davidow Ventures (MDV) and is based in Santa Clara, California.

About AlwaysOn

ALWAYSON ignited the open-media revolution in early 2003 by being the first media brand to launch a global blog network. In 2004, ALWAYSON continued to lead the media industry in innovation by introducing a social network where members can connect and engage. ALWAYSON is also revolutionizing the media business by applying its open-media principles to its executive event series (STANFORD SUMMIT, ALWAYSON HOLLYWOOD, ALWAYSON MEDIA and GOINGGREEN) and quarterly print "blogazine" by empowering its members to post and share their ideas and meet each other online. As our loyal readers know, ALWAYSON is committed to the free-market, merit-driven approach to reporting and event programming. No other media brand has dared to create such open interaction with its readers and event participants.
