

RINGCUBE LAUNCHES MOJODRIVE SECURE REMOTE DIGITAL WORKSPACE WITH SUPPORT FOR JUNIPER NETWORKS SSL VPN SOLUTIONS

New Solution for Provisioning and Managing Remote Workforce Show Early Benefits from Joining Juniper Networks J-Partner Solutions Alliance Program

Santa Clara, Calif., Aug 06, 2007 – RingCube Technologies Inc., the leading provider of the secure, managed digital workspace, today announced the launch of the MojoDrive secure digital workspace for enterprises, which includes support for Juniper Networks market leading Secure Access (SA) SSL VPN appliances. The new product is the first announced since RingCube joined the Juniper Networks J-Partner Solutions Alliance Program.

With the MojoDrive solution, part of RingCube's new MojoPac Enterprise Suite, enterprises can provide employees and remote workers with a pre-configured corporate desktop, complete with critical business applications. By using the MojoDrive solutions to deploy, provision and manage thick client applications on employee desktops, in concert with the market-leading Juniper Networks SA SSL VPN security appliance, customers can ensure their users get secure access to the appropriate applications and servers no matter what system they are connecting from.

"The MojoDrive Series, with support for Juniper Networks SA SSL VPN appliances, represents a new approach for businesses to provide remote employees with a secure managed desktop," said Shan Appajodu, President and CEO of RingCube Technologies Inc. "We look forward to working with Juniper to bring innovative remote computing and security solutions to customers."

"The MojoPac Enterprise Suite and Juniper Networks SSL VPN solution offers an innovative and effective way to deploy and manage client applications in the enterprise." said Sanjay Beri, vice president and head of the Access Solutions Business Unit at Juniper Networks. "By ensuring our SSL VPN can add the necessary security layer in this solution, we are demonstrating our commitment to meeting the secure remote access needs of our customers."

The MojoDrive solution is available for purchase from RingCube Technologies at www.mojopac.com/enterprise and through its channels. For more information on how Juniper VPN works with MojoPac Enterprise solutions, go to www.mojopac.com/enterprise/juniper.
